Authent-Net

Mid-Term Conference
11th – 12 May 2017
Parma, Italy

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 696371.

The objectives of this 2nd meeting of the consortium are:

- To track the progress of all work packages ensuring that the overall aims and objectives of Authent-Net are met
- To further form synergies and collaborative working/networks
- To get feedback from Member State funding organisation representatives/stakeholders on their views of how the project has addressed their needs so far and how to further improve on this in the next year
- To be evaluated by the EU Commission on the progress of the project so far
